

AIDAN SEBOLD

Industrial Designer

PROFILE

I'm a graduate from the Shintaro Akatsu School of Design looking for work in the Industrial Design field. As an Industrial Design major, I've completed many courses including drawing, Photoshop, model-making, ceramics, materials and manufacturing, and computer-aided design. I have a particular interest in computer-aided/3D design. I am skilled in Solidworks, Keyshot, and have some experience with NX.
